My dearest Aunt.

Nancy thanks for your letter.  
Send me a p.c. & tell me when the child's  
train arrives. I met all the way and look  
like.

Langue to see her. (And what about  
paying us a visit yourself later on. I can't tell  
you how I long to see you again. Think it  
over, at least. This place is so gloriously beautiful.  
And it's an experience as well, being so unlike  
what we think of as England. While up there  
it's kept its native character & integrity in a  
wonderful way.

So please come, whenever it  
suits you, if you feel you can face the journey.  
(You never need to mind them!)  
Over your most loving  
Nancy
