My dearest Aunt -

Of course I want her. A real
better follower, but then was out fighting a Committee
here. Our life boat - at Lande had spill place in the
world, is a disgrace, & we've been being byed up an
enquiry. To meet local Graft, wathly an American
township. Exhauating & disheartening; & we want now also
to be change by another way. I want to be leader of a
handful of Penzance grocers.

Send her along -

She is very unapptly not to write to me -

Always -

Jay
