My dearest Aunt

You are wonderful. I'll be always
said you were one of the best educated women I
have ever known. Do you know that of all the
people I have asked, you are the only one to give
me an intelligent, ^{accurate} real answer about Julian.
A ^{well-known} ~~great~~ Harley St doctor; a man who, at Harrow,
was the best classic of his year; various people, writers
a with good University degrees knew nothing. Then you
came out with real knowledge. It cheers me up. How I
hope you'll like the book.

Send me a p.c. what day our child
arrives -

Always your most loving niece

Jany
