

Messrs Heal (Copy)

With reference to my a/c of £18 now overdue I have been travelling and have just heard from a M. Vaillant about it. That a/c is the responsibility of my husband and was contracted on his verbal assurance that it wd be met. In October 1926 I divorced my husband for desertion and the decree should be made absolute in April 1927 My own resources are entirely inadequate to meet this a/c. now but Mr. Rodker should and I have no doubt could pay the sum which is owing to you.
