My dear John:

We heard vaguely that Tony  
 & Notes are coming back - Do you know? I  
 wrote to her - <sup>forgot to tell you -</sup> some weeks ago about the Lamebrook  
 school, but have had no reply -

I shall be away for a few days - trying  
 to fix-up my knee - it is a nuisance that it  
 so much worse. Have written to the Gynae,  
 asking them to take her to see Sartorius - I have  
 also written to him - I find it difficult to get  
 about -

My last letter was just as appreciable of  
 your attitude -

I'll see to her spring clothes in return; but  
 am tired of being half crippled, & wish to

avoid if possible because laws for life. which  
seems likely - violent steps seem indicated.
