

Sewen

~~The~~ Wednesday.

Oh, dear Doyle.

This is great haste. 100,000
words of 'Chapters' all over the house in 3 hours.
You know.

It's about Naples. Nearly a week ago, Hugh
sent in the paintings, beautiful. Mr. Hamilton asked
for. With a letter. And a letter from me in loco
parentis? Registered. And we've not heard a word.

Would you check his address for the please book?
18. Langham St. W¹ Send a p.c.

It's a little difficult for Hugh to write to
Miss Fyler until he knows about this. But I'm
keeping an eagle eye on it all. Don't think we're
spoiling him.

Always -
Joy
