Daglos dear :

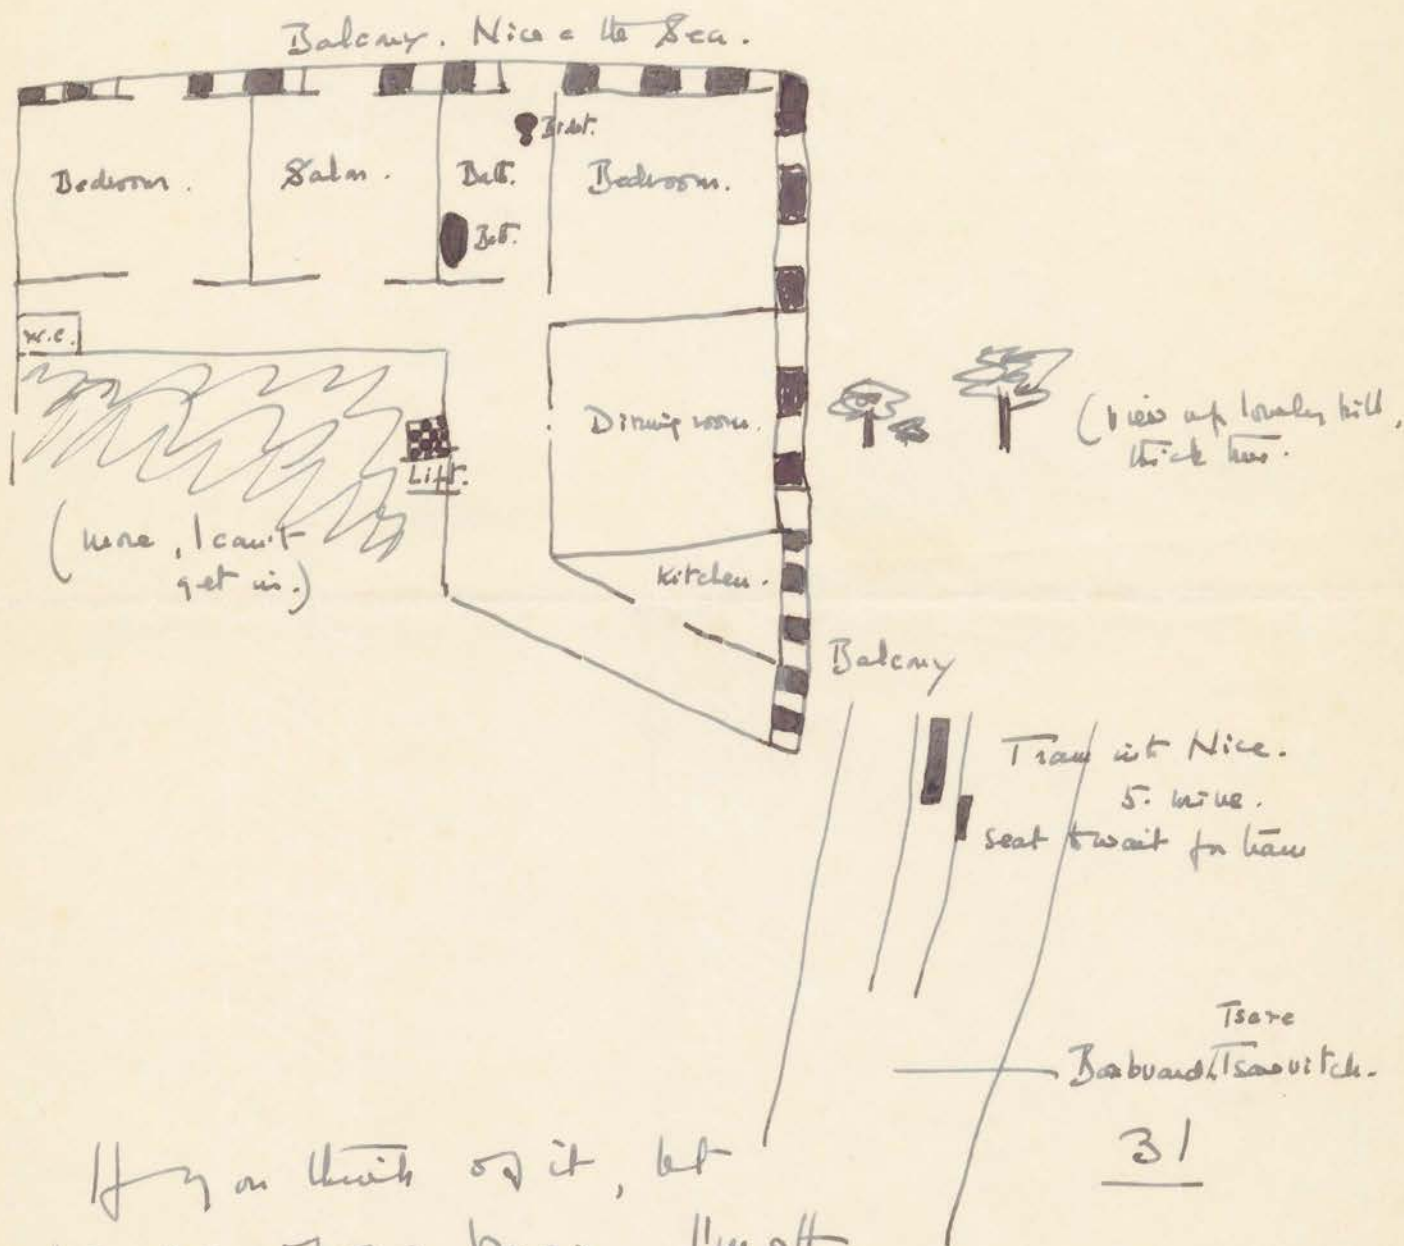

A Bank, for one super-naturally intelligent - sent the Cook right here this afternoon. This is the flat I told you about - am writing now people the idea of you - Make as a possible tenant booked up the Habit so that I said I would.

Plan next page: <sup>1,500!</sup> ~~18,000~~ a month (but wd. take less I think.) Excellent bath, electric light, lift up & down, balcony round the place with view over all Nice - Absolutely quiet & private - Good maid attached, if wanted, telephone in process. Furniture quite possible, linen, silver - etc.

It really is good place, modern & fresh, & ~~with~~ with its sea balcony, like being as the lot to a lover.

They want to let for summer; but if you liked it would let you have 2 rooms + bath + arrange to feed you all winter.

If you think of it, let us see if you know. Please off Wed. Will try to come over before. Writing.
