My dearest Aunt.

All our love & thanks. Can you come up to Town soon? John is probably going over to Paris fairly early in Jan. to get in with a new French weekly that is being started there. I can't go while Camilla is so long, so shall stay behind & work like mad & watch her grow. She is coming as beautifully. So come up soon before he goes away — he might be back for a while also. All our love.

Love yours —

Jany.
