My dearest Aunt -

I had meant to  
write - I don't know how many  
times to thank you for your  
most kind present. But I waited  
& waited until I should have a good  
photograph of Camilla to send you.

That was continually put off, as  
the man I wanted to do it was  
ill & away, but some result should  
reach you in a week or so.

Just receiving from you -  
then your loving

Yours
