7, dear Aunt -

If I did not
meet you as you suggest to day,
it is not because I have any ~~illness~~
but the friendliest feelings -

But I feel that the matter stands
like this & had better be
understood before we meet -

if you want our old friendship
& continue to have your dear
share in Camilla's life, you must
allow me to arrange my domestic
affairs without your censure -

That is - you must be willing to
trust me.

If you feel that your ~~unpleasant~~
conscience don't allow this, I don't see
how either way a way daughter's
life can be your juster concern.

But I hope with all my heart
that you will find it possible
for us to find at least a
common ground for meeting.

You might ask Mr. Fearn about
it -

With your loving

N.B.
