

I. Glenville & Lidwin -  
N.W. 3

My dearest Aunt -

Here is the long delayed  
photograph - I am having a wonderful time -  
you'll probably have something of your niece  
before very long - If only the war would stop &  
we all had enough to eat! It isn't easy to do  
good work on beans boiled with onion & an  
egg every other day. But there no doubt was  
as to my eventual success - I'd like a talk  
with you. I can't describe our exit from

Zaltem on paper, but the whole stay  
is one of the best & most painful jokes ~~ever~~  
our unhappy family ever perpetrated.

Harley Potter had the courage of her villainies!

We went out the other day to a friend  
who gave us lunch. It wasn't half bad, the  
first meat we'd tasted of a week.

There is more to be bought here - I know why  
dislike vegetarians, meat keeps one fierce, &  
they are all mild like their precious macaroni -

Best love to you all - & an  
extra best love to you -  
your most-loving niece -  
Nancy
